JOHN BAPTIST DE LA SALLE

John Baptist de La Salle was born into a world very different from our own. He was the first son of wealthy parents living in France over 300 years ago. Born at Reims, John Baptist de La Salle received the tonsure at age eleven and was named Canon of the Reims Cathedral at sixteen.

Though he had to assume the administration of family affairs after his parents died, he completed his theological studies and was ordained a priest on April 9, 1678. Two years later he received a doctorate in theology. Meanwhile, he became tentatively involved with a group of rough and barely literate young men in order to establish schools for poor boys.

At that time, a few people lived in luxury but most were extremely poor: peasants in the country, and slum dwellers in the towns. Only a few could send their children to school and most children had little hope for the future. Moved by the plight of the poor who seemed so “far from salvation” either in this world or the next, he was determined to put his own talents and advanced education at the service of the children who were “often left to themselves and badly brought up.” To be more effective, he abandoned his family home, moved in with the teachers, renounced his wealth and position as Canon, and formed the community that became known as the Brothers of the Christian Schools.

His enterprise met opposition from the ecclesiastical authorities who resisted the creation of a new form of religious life, a community of consecrated laymen who intended to conduct gratuitous schools “together and by association.” The educational establishment resented his innovative methods and his insistence on gratuity for all, regardless of whether they could afford to pay. Nevertheless, De La Salle and his brothers succeeded in creating a network of quality schools throughout France that featured instruction in the vernacular grouping of students according to ability and achievement, integration of religious instruction with secular subjects, well-prepared teachers well prepared in the sense of vocation and mission, and the involvement of parents.

De La Salle also pioneered in undertaking programs for training lay teachers and creating Sunday courses for working young men and one of the first institutions in France for the care of delinquents. Worn out by austerities and exhausting labors, he died at Saint Yon near Rouen early in 1719 on Good Friday, only weeks before his sixty-eighth birthday.

John Baptist de La Salle was a pioneer in founding training colleges for teachers, reform schools for delinquents, technical schools, and secondary schools for modern languages, the arts, and sciences. His work quickly spread throughout

France and, after his death, continued to spread across the globe. In 1900, John Baptist de La Salle was declared a Saint. In 1950, because of his life and inspirational writings, he was made Patron Saint of all those who work in the field of education. John Baptist de La Salle inspired others how to teach and care for young people, how to meet failure and frailty with compassion, how to affirm, strengthen and heal. At present, De La Salle schools operate in 80 different countries around the globe.

HISTORY OF DE LA SALLE UNIVERSITY – DASMARIÑAS

De La Salle University-Dasmariñas was first established on July 18, 1977, in Dasmariñas, Cavite, as a private nonsectarian tertiary school named General Emilio Aguinaldo College (GEAC)- Cavite and managed by the Yaman Lahi Foundation in Dasmariñas, Cavite. The College had Dr. Paulo C. Campos as its president. It started with the Division of Health and Sciences with six faculty members, and the Division of Arts and Sciences served by nine faculty members. Offered during its first semester were the following courses: Education and Elementary Education, Secretarial Administration, Nursing, Foods and Nutrition, Midwifery, Radiologic Technology, and Business Administration.

Technical courses were later included in the program offerings to help the youth of the community who could not afford a costly four-year college education and to train them to be skilled and to become valuable citizens of society. These courses included Agriculture Technology, Electrical Technology, Electronics Technology, and Refrigeration and Air-conditioning. Furthermore, a commitment to improve the lives of the underprivileged sectors of the community motivated GEAC-Cavite to offer courses in Dressmaking, High Speed Machine Operation, and Ceramics, which were structured either for six months or two months of intensive study and training.

In the following year, the permit granted by Minister Juan Manuel of the Ministry of Education and Culture, GEAC-Cavite opened the College of Criminology, listing among its students the police forces in Cavite, as well as the members of the Philippine Constabulary, and the security guards of the establishments in the vicinity.

In addition, the Graduate Program leading to the Master of Arts in Teaching was started to provide school teachers with professional and academic advancement and opportunities. Envisioned, too, were the programs for Master of Science in Nursing and Master of Arts in Education. The College of Medicine, with 150 students in the first year, began in 1979.

In 1987, ownership and management were transferred to Frere (Saint) Benilde Romancon Educational Foundation, Inc., a nonstock, nonprofit sister corporation of De La Salle University, Inc. Under the new management, it became a Catholic institution and member of the De La Salle University System with a new name, De La Salle University - Emilio Aguinaldo College (DLSU-EAC). Bro. Andrew Gonzalez FSC was then the President, and Dr. Oscar Bautista was the Executive Vice President. By this time, DLSU-EAC had already opened the colleges of

Physical Therapy, Arts and Sciences, Nursing and Midwifery, and the Graduate School to address the escalating demand for additional courses.

During the first year of DLSU-EAC, ninety percent of freshmen came from Cavite, specifically Dasmariñas, Imus, Silang and other Southern Tagalog provinces. The other ten percent came from Las Piñas. On its second year, the number of freshmen who came from Cavite and other Southern Tagalog areas dropped to about sixty-five percent due to the increased percentage of Metro Manila enrollees, which was thirty-five percent.

Since DLSU assumed ownership of the College on June 1, 1987, the enrollment has dramatically kept on increasing. Likewise, the number of faculty members greatly increased and the teaching force's enthusiasm in pursuing graduate studies was evident as shown in the statistics of faculty members enrolled in the master's and doctoral programs.

In 1992, the name DLSU-EAC was changed to De La Salle University - Aguinaldo. This period saw the term of Br. Rafael S. Donato as president.

The leadership of the University was likewise transferred from one dynamic leader to another. Mr. Cecilio Acasio was the executive vice president in 1994. Dr. Ambrosio Capayas had a short stint as officer-in-charge before Dr. Herminia Torres took the reins in 1995.

The advent of 1994 was typified by the return of Br. Andrew Gonzalez FSC as president who was re-elected to his second term in 1997. In line with Bro. Andrew Gonzalez's long-term plan to concentrate all the health sciences programs on one campus, the College of Physical Therapy was transferred to the College of Medicine in 1994. Consequently, the campus was renamed DLSU-Health Sciences Campus which eventually absorbed the remaining two health sciences programs, namely Bachelor of Science in Nursing and Midwifery and Bachelor of Science in Radiologic Technology in 2000.

Eventually, the University's name became De La Salle University - Dasmariñas upon the approval of the Securities and Exchange Commission on January 20, 1997. The change of name was triggered by the confusion brought about by the establishment of the new Emilio Aguinaldo College in Dasmariñas, Cavite, and the desire of the whole academic community to institute a distinct name and reputation for itself.

At present De La Salle University - Dasmariñas offers several programs through its seven colleges: Business Administration and Accountancy, Liberal Arts and Communication, Science and Computer Studies, Engineering, Architecture and Technology, Criminal Justice Education, Tourism and Hospitality Management, and Education. Its population marked more than fourteen thousand and is expected to increase in the coming years.

In the immediate future, De La Salle University - Dasmariñas intends to achieve excellence in regional studies and academic programs relevant to the needs of the CALABARZON area. This will be addressed by adopting quality and effective instruction by competent faculty members.

Moreover, it aims to produce graduates who are globally competitive and to earn further distinction in board examinations. To strengthen research on Cavite studies, an office has been established to house Cavite historical treasures and to generate research outputs on Cavite history and culture.

Section 12 – ENROLLMENT MATTERS

12.1 Enrollment Guidelines

12.1.1 Curriculum Flowchart

Students are responsible for monitoring a curriculum flowchart and grades.

12.1.2 Pre-requisite Subject/s

Enrolling pre-requisite subjects should be strictly followed. However, a student may be allowed to enroll a subject and its prerequisite simultaneously under the following conditions:

12.1.2.1 when the pre-requisite is a repeated subject

12.1.2.2 when the student is graduating at the end of the school term (Note: See the Office of the University Registrar for the process)

12.1.3 Academic Load

Regular academic load per semester should not exceed the number of units prescribed in the approved curriculum. During the special term, a student may enroll up to a maximum load of nine (9) units.

12.1.4 Overload

Graduating students are given an overload of not more than 2 subjects (regardless of the number of units) and regardless of if the subject is regular or tutorial in excess of the normal load during the regular semester and 1 subject during the special term. The additional units are automatically included in the student portal for

regular and irregular students. These subjects may be laboratory, lecture, or combination of both.

12.1.7.1 On a case-to-case basis, an additional 1 subject for a total of 3 subjects may be given to students during their last semester.

12.1.7.2 The total number of units of the student, including overload must be 30 units (applicable only for students with 27 units regular load).

12.1.7.3 4 subjects will mean re-enrollment of the student for the next semester

12.1.5 Tutorial Class

A student who is graduating on their last term may file for a tutorial class on the following conditions:

12.1.5.1 The subject to be enrolled is not offered in the current semester.

12.1.5.2 If the subject is offered, it is either in conflict with their schedule or all sections are closed.

A maximum of 3 tutorial classes are allowed for graduating students to enroll in. The number of tutorial forms to be accomplished is based on the number of tutorial class to be enrolled. For graduating and non-graduating returnee students following the old curriculum, a maximum of 5 tutorial subjects are allowed.

12.1.6 Petition

Students may petition for a subject they need if not offered or if all available slots have been filled in the current semester. Petition classes will only be opened if the following conditions are met:

12.1.6.1 Faculty is available to handle the class as approved by the Department Chair.

12.1.6.2 A minimum of 20 students have petitioned for the opening of the class, or students (15-19) are willing to pay for the fees equivalent to 20 students.

12.2 Enrollment Policies

12.2.1 General policy

- 12.2.1.1** Students are considered officially enrolled after posting of payment.
- 12.2.1.2** Students cannot make any modification or new transaction if they have not completed transaction one, including the payment of fees and posting of payments.

12.2.2 Specific policy

- 12.2.2.1** Students are only allowed up to a third transaction to change their schedules. In excess, the student shall accomplish the *Enrollment Transaction Form* which is subject to the approval of the OUR.
- 12.2.2.2** Students with unpaid balance from the previous semester or special term is prevented from enrolling until they are cleared by the Accounting Office.
- 12.2.2.3** A foreign student shall be put on hold and shall only be cleared upon presentation of their certificate of eligibility.

12.2.3 Adjustment (Adding/Dropping of Subjects)

- 12.2.3.1** Online adjustment of subjects is done only during the period specified by OUR, after which dropping of subject should be done manually by the student concerned.
- 12.2.3.2** Manual dropping of subjects requires the use of *Form 002b* from OUR and payment of the corresponding fee. The form should be duly accomplished by the student and properly signed by the academic adviser and department chair for approval.
- 12.2.3.3** Encoding of subjects and the subsequent release of the certificate of registration reflecting the adjustment are done in OUR.

As a general rule, regular tuition for the petition subject is collected if the class reached the minimum size of 20 students. Additional fees

are collected equally from each student enrolled in the subject for a class below the minimum size.

12.2.4 Cross-Enrollment

12.2.4.1 A student is allowed to cross-enroll in another university only on the following conditions:

12.2.4.1.1 The student is graduating during the current semester or special term.

12.2.4.1.2 The subject to be cross-enrolled is not offered at DLSU-D and has the same description and number of units as that offered in another school.

12.2.4.1.3 The university where the student will cross enroll should be of the same level in terms of program accreditations and recognitions by reputable agencies and the Commission on Higher Education.

12.2.4.2 A student who wishes to cross-enroll should seek the endorsement of the College Dean and permission of the University Registrar. A properly accomplished cross-enrollment slip is required for the release of the necessary permit.

12.2.5 Withdrawal of Enrollment/Dropping of Subjects

Currently enrolled students who wish to withdraw enrollment or drop all subjects must get a dropping form from OUR. Claims for refund conform to CHED's Manual of Regulations for Private Higher Education where students will be charged based on the total assessment. The following rates are used:

Percentage	Lead time
25%	If the student drops during the 1st week of classes
50%	If the student drops during the 2 nd week of classes
100%	If the student drops after the 2 nd week of classes

12.2.6 Shifting

The filing of application for shifting is determined by the deadline set by OUR and approval of the deans/associate deans concerned.

A student is allowed to shift to another course at most three (3) times. The student who intends to shift to another course should:

12.2.6.1 Secure and fill out the *Shifting Form* and obtain record of GPA from the assigned Records Evaluator at OUR.

12.2.6.2 Consult with their SWC Counselor, and Dean/Associate Dean.

12.2.7 Returnee/Re-enrollee

A returnee or re-enrollee is a student who has filed a leave of absence as required in the Student Handbook. The returnee/re-enrollee must adopt the current curriculum in use unless there are still no graduates for the curriculum they had been using before. If graduating upon return, they must continue completing their previous curriculum.

12.2.8 Transferee

Transferees are students who moved from another higher educational institution (HEI) to DLSU-D. HEIs include technical and vocational schools regulated by TESDA.

Aside from the DLSU-D Admission Requirements, a transferee must submit Certificate of Eligibility for Transfer and/or Admission. This is also referred to as Certificate of Transfer, which signifies, among others, that the student is free from all financial and other accountabilities from previous HEI.

The Certificate of Eligibility for Transfer and/or Admission, which is issued only once, comes with a tear-off portion or return slip that is sent back to the originating school. Upon receipt of this tear-off portion, the originating school must forward the official Transcript of Records (TOR) marked "Copy for De La Salle University-Dasmariñas." As a rule, TOR is issued only once.

By convention, the True Copy of Grades is accepted for evaluation purposes only and not for formal transfer. A transferee must undergo a crediting process for the subjects taken.

12.2.9 Second Course Taker

College graduates applying for a second degree are subject to the same requirements for transferees. Only the general education requirements will be credited to the second course. The remaining

subjects that need to be taken would be major subjects and those that are required by the university (e.g., RED, SEP).

12.2.10 Crediting of Subjects

Crediting of subjects previously taken is usually done upon acceptance and enrollment of transferees. This is done by both tertiary and basic education schools. TOR and other supplementary credentials will be evaluated by the Associate Dean for crediting of subjects.

Working by the common framework for Lasallian formation, it seeks to discover God's active presence in His word, in men and women, in the poor, in our nation, in history, and His people. An authentic Lasallian education is essentially a free and willing collaboration with God in building truly human communities that reflect the values of God's Kingdom as expressed in the Gospel.

Students are given opportunities to participate in the prayer and worship life of the community by active participation in the Holy Mass, the Sacraments, and other liturgical celebrations. They are also called to serve in church life as:

27.3 Major Offenses

The major offenses committed by students warrant the imposition of the penalty of probation, suspension, alternative sanction, non-readmission, exclusion, or expulsion as defined below:

Sanction	Description
Probation* 1	the student is warned that future misconduct will not be tolerated but is permitted to continue their education, as long as the misconduct stops.
Suspension*2 and 3	As a penalty , suspension allows the higher education institution to deprive or deny the erring student from attending classes for a period not exceeding twenty percent (20%) of the prescribed total class days. While under investigation, preventive suspension may be imposed where the erring student is prohibited from entering the university premises and from attending classes especially when the evidence of guilt is strong, and the responsible university official is morally convinced that the continued stay of the student would cause sufficient distraction to the normal operations of the institution, or would pose real or imminent threat or danger to persons and property inside the institutions premises.
Non-readmission* 4	This allows the institution to deny admission or enrollment of an erring student for the school term immediately following the term when the resolution or decision finding the student guilty of the offense charged and imposing the penalty of non-readmission was promulgated.
Exclusion* 5	This allows the institution to exclude or drop the name of the erring student from the roll of students immediately upon resolution for exclusion was promulgated.
Expulsion* 6	A penalty wherein the institution declares an erring student disqualified for admission to any public or private higher education institution in the Philippines.
Alternative Sanction	An optional sanction given by the University, at the discretion of the SWAFO Director, to a student who has committed a major offense with suspension as the original sanction. The details about the alternative sanction are discussed during the promulgation of the decision.

The seriousness of the offense committed, taking into account the

mitigating and aggravating circumstances which are present, shall determine the gravity of penalty or sanction to be imposed, which are described in the table below:

2	Suspension of minimum of 3 school days to maximum of 5 school days

It is only when such initial discussion fails that one should resort to formal procedures for settling grievances. In compliance with procedural due process, the following shall be observed:

- 28.1.1** Students have the right to a hearing, which includes the right to present one's case and submit evidence in support thereof;
- 28.1.2** The Board or any of its judges must act on its own independent consideration of the law and facts of the controversy, and not simply accept the views of a subordinate;
- 28.1.3** The Board must consider the SWAFO Investigation reports, and evidence presented;
- 28.1.4** The decision must be based on the evidence presented at the hearing, or at least contained in the record and disclosed to the parties affected;
- 28.1.5** The evidence must be substantial. Substantial evidence means such reasonable evidence as a reasonable mind accepts as adequate to support a conclusion;
- 28.1.6** The decision must have something to support itself; and
- 28.1.7** The Board should, in all controversial questions, render its decision in such manner that the parties to the proceeding can know the various issues involved and the reason for the decision rendered.

28.2 Definition of grievance

For the purposes of this handbook, grievance is defined as any dispute between a student who stands as the aggrieved party and any member of the academic community who may be the subject of the complaint. A grievance shall be made in writing and duly signed by the complainant.

The written complaint shall be forwarded to the concerned person/office for mediation.

28.2.1 A certain grievance can either be academic- or conduct- related. A grievance is academic-related if it roots from any dispute relative to learning or particular performance in academic subjects. On the other hand, grievance is conduct-related if it roots from the way a person behaves.

28.2.2 The complaint, answer, memorandum, recommendation and, eventually, the decision must all be in writing. Excerpts of all the proceedings shall be in writing and shall be signed by all parties concerned. All original records of the proceedings shall be kept in the possession of the office or body hearing the complaint.

If the faculty adviser fails to resolve the case, they must refer it to the department chair for formal complaint.
- 28.3.4.3** Failure of the department chair to resolve the case within five (5) school days, they must refer it to the dean of the college, who then creates an ad hoc committee to deliberate on and resolve the conflict within 5 school days.
- 28.3.4.4** If the decision on the case by the Department Chair/ College Dean is not satisfactory to the student-complainants, they may elevate the case to the SGB chaired by the OSS Dean.

28.3.5.3 If the complainant fails to file an appeal for reconsideration within five (5) school days after receipt thereof, the decision becomes final and executory.

Guidelines on Gender-Based Sexual Harassment in Higher Education Institutions

Republic of the Philippines
OFFICE OF THE PRESIDENT
COMMISSION ON HIGHER EDUCATION

CHED MEMORANDUM ORDER

No. 03

Series of 2022

**Subject: GUIDELINES ON GENDER-BASED SEXUAL HARASSMENT IN
HIGHER EDUCATION INSTITUTIONS**

Pursuant to Section 8 (n) in relation to Section 2 of Republic Act No. 7722 the 20th Higher Education Act of 1994, and in accordance with Sections 25 and 33 of Republic Act No. 11313, otherwise known as the "Safe Spaces Act," its Implementing Rules and Regulations, as well as the Commission *en Banc* Resolution No. 061-2022 dated 8 February 2022, the following "*Guidelines on Gender-Based Sexual Harassment in Higher Education Institutions*" are hereby issued.

RULE I GENDER-BASED SEXUAL HARASSMENT CASES IN HIGHER EDUCATION INSTITUTIONS AND OTHER RELATED SEXUAL OFFENSES

SECTION 1. COVERAGE

These Guidelines shall govern all higher education institutions (HEIs), both public and private, in:

- a. Ensuring that the necessary policies and mechanisms are in place to prevent and punish sexual harassment and other related sexual offenses in its jurisdiction including, but not limited to, school-related activities such as in-and-off-campus student activities (local or foreign), on the job trainings (local or foreign), and faculty capacity-building activities (local or foreign);
- b. Creating the Committee on Decorum and Investigation (CODI), as well as the procedures to be followed in the investigation and punishment of sexual harassment and other related sexual offenses in HEIs;
- c. Safeguarding the rights of all stakeholders against Gender-Based Sexual Harassment (GBSH) that may be committed by any persons within the premises of the HEI.

SECTION 2. RATIONALE AND OBJECTIVES

For decades, Filipinos suffered from gender-based violence due to lack of information and support from the community. A "culture of silence" that pervades the domain of violence against women and children (VAWC) inhibits or prevents victims from coming forward and reporting their experience of gender abuse or assault. The passage of various legislations on the protection of women and children, however, has proved to deter gender-based violence. The country's passage of various legislations on the protection of women and children has served to encourage victims to seek protection and redress, leading to an increase in complaints filed with law enforcement. According to an official publication of the Philippine National Police, within a relatively short gap since the passage of landmark legislation that criminalized VAW in the Philippines – that is, from 1995 when Republic Act No. 7877 or the Anti-Sexual Harassment Act was enacted, to 2004 when Republic Act No. 9262 or the Anti-Violence Against Women and Their Children Act was enacted, there was a sevenfold rise in reports of sexual violence and sexual assault. (From 1,100 in 1996, the number of cases rose to 7,383 in 2004, with the year 2001 registering the highest number of reports at 10,343).

In 2019, Republic Act No. 11313 or the Safe Spaces Act was passed to combat sexual harassment as a form of gender-based violence. This latest enactment steps up the campaign to eliminate gender-based violence in the country.

Philippine HEIs, as a facility of learning, nurture the consciousness of Filipinos. They are the catalyst for change and justice in the country. The Safe Spaces Act mandates the HEIs to fulfill their duty of shaping the future of the country to become free of gender-based violence in the form of sexual harassment. The law directs the Commission on Higher Education (CHED) to form policies that will protect the rights and welfare of all stakeholders of Higher Education in the country against gender-based sexual harassment.

As a response to the call of various sectors in the country to end gender-based violence and to fulfill its mandate and the direction of the Safe Spaces Act and the Anti-Sexual Harassment Act of 1995, the Commission hereby promulgates these **Guidelines on Gender-Based Sexual Harassment in Higher Education Institutions** to assist HEIs in dealing with gender-based sexual harassment and putting an end to the cycle of violence against the dignity of persons.
